

International Seminar

The 20th Anniversary of the Nuclotron Commissioning and 60 Years of Studies on High Energy Physics at the LHEP Site

Preliminary programme

11:00	Welcome address	V.A. Matveev	10 min
	1. The Laboratory: Today and Tomorrow.	V.D. Kekelidze	30 min
	<i>CONGRATULATIONS</i>		20 min
12:00			
	2. The Laboratory's Accelerator Complex Development	G.V. Trubnikov	20 min
	3. Nuclotron – the History of Construction	A.D. Kovalenko	20 min
12:40	<i>Coffee Break</i>		
13:00			
	4. Synchrotron – the First Experiments	V.A. Nikitin,	20 min
		V.V. Glagolev	20 min
	5. Physics at the Nuclotron	A.I. Malakhov	20 min
14:00	<i>The Memorial Plaque of L.G. Makarov and the Avenue of L.P. Zinoviev Opening</i>		
14:45	<i>Coffee Break</i>		
15:00			
	6. Kaon Physics	V.D. Kekelidze	30 min
	7. Nucleon Structure Study	D.V. Peshekhonov	30 min
	8. Participation in the LHC Projects	A.P. Cheplakov	30 min
16:30	<i>CONGRATULATIONS</i>		
	Tour of the Nuclotron (optional)		
18:00	Seminar Dinner		

Please note this programme is preliminary and subject to change.
The talks will be delivered in Russian with slides in English.
